See Big Woody?

Woody represents our student body I think.

See how neat he dresses

See how neat his hair is combed

Hold it a minute,

What is that behind Woody?

Oh-no!

It's trying to give him a body job

Who could this fiend be?

Why, It's the dress code

Look-out

Crash, Bang, Boom

Woody is the same,

Woody finally has what he wants

I think.

MARGARET ELLEN HILL

Margaret Ellen Hill died Friday, September 11, 1970, at the Hospital. Wet eyes and saddened hearts were reflected in the faces of students and teachers as they learned of her losing battle against leukemia.

Those who knew Margaret well will remember her as being loyal to friends, outraged at injustices, and strong in Christian faith. She deplored the misuse of drugs. Her last English theme reveals her longing for life.

#### FROM MY BEDROOM WINDOW

At night from my bedroom window, you can see most anything. You can see the beautiful stars and usually the moon. I sit and make wishes on the stars that some day there will be a happy ending for everyone. I dream and wish for a long life and it to be a happy one for me, because I love life and living. Life is beautiful and it's great to be alive

We've got a two-letter word we use constantly that may have more meanings than any other. The word is "up".

It is easy to understand up meaning toward the sky or toward the top of a list. But when we waken, why do we wake up? At a meeting, why does a topic come up, why do participants speak up, and why are the officers up for election? And why is it up to the secretary to write up a report?

Often the little word isn't needed, but we use it anyway. We brighten up a room, light up a cigar, polish up the silver, lock up the house, and fix up the old car. At other times, it has special meanings. People stir up trouble, line up for tickets, work up an appetite, think up excuses, get tied up in traffic. To be dressed is one thing, but to be dressed up is special. It may be confusing, but a drain must be opened up because it is stopped up. We open up a

store in the morning and close it up at night. We seem to be j seem to be mixed up about up.

To be up on the proper use of up look up the word in your dictionary. In one desk size dictionary up takes up half a page, and listed definitions add up to about 40. If you are up to it, you might try building up a list of the many ways in which up is used. It will take up a lot of your time but, if you don't give up, you may wind up with a thousand.

## WHS students tour Europe

How would you like to go to Spain? It's easy! All you have to do is receive 150 dollars from WHS Spanish department, make up the difference, and away you go.

That is what happened to Marylyn Osmon, senior, and Phil Martin, junior, this past summer.

With the help of Miss Lynn Hodges, plans were made, and our two students left Washington July 10 for a six week tour of Europe.

Our students first stop was New York, New York where they found the city filthy and the people were unfriendly.

From New York they flew to Paris, France. Then on to Madrid, Spain.

Miss Osmon was fortunate enough to visit part of her family who live in Valencia, Spain. Valencia is one of the major cities along the Mediterranean Sea.

Martin was astounded at the Rastro flea market. It could be compared in size to 50 of our city blocks and has everything from animals to antiques.

Products which normally find very expensive in the US were being sold at very low prices. Miss Osmon purchased a pair of wire rim glasses and Martin bought a Spanish guitar.

Fares for transportation, pastries, tour admission, and drinking beverages rarely exceeded ten cents. Except for cab-fare which might be 45¢.

But on the other hand something as ordinary as a shoe shine may cost you four dollars.

Of the 270 who took the trip, only 10 were boys.

The students lived in a Catholic dorm and attended some classes on a college campus.

### BAND SETS GOAL

A goal has been set at \$3500 for the magazine drive sponsored by the band. The drive will run for two weeks. The money that is raised will be used for the purchase of music, for parties, and for transportation.

### HIGH SCHOOL BAND VISITS MONTREAL

Members of the Washington High School Band enjoyed a Montreal, Canada, from June 15 to 21.

While in Montreal they presented a concert at Man and His World.

The trip started on June 15 when the students left Washington about 7 am. They traveled non-stop to Buffalo, New York where they stayed the first night.

The next two days were spent at Montreal where the concert was given.

One of the Highlights of the trip was an overnight stay at Niagra Falls. After visiting the Falls they headed for Washington where they arrived about 2 am on Sunday.

There are four different choruses this year at WHS.

The Freshman group (the largest ever) is working hard by concentrating on a variety of songs. One may walk by the chorus room 4th period and hear sweet strains of "Come Saturday Morning" or it might be something as different as "Hodie Christus Natus Est," which the Concert Choir tried last year.

What's the difference between the other three groups? Mixed Chorus is a mixture of boys and girls. Girls Chorus is made up of all girls, and Concert Choir is, again, a mixture.

However, to be in Concert Choir one must audition for Mr. Dan McDaniel, the director. This Choir mainly sings difficult music such as Charles Ives' "The Sixty-Seventh Psalm" or Beethoven's "The Choral Fantasia".

Most of the music the Choir is singing was done by the Paul Christiansen workshop this summer in Denver. McDaniel and first soprano Vicki Collison, senior, attended.

Last year the Concert Choir was very fortunate to be invited to the Vincennes Choral Festival. This year they plan to participate in approximately five of these festivals, with one having WHS as host.

#### ALUMNI RETURN

Mr. Spillman, one of the new teachers here in WHS is teaching world history and US History. He was graduated from Indiana State University this year with a BS degree. When asked how he likes his first year of teaching he replied, "I can't really tell yet, but so far it is a lot of fun."

Spillman graduated from WHS in 1966. When questioned about how he feels to be back he said, "Well, it's a lot different being on the other side of the desk. It's really not the same school."

#### NEW FACE IN LATIN DEPARTMENT

Teaching Latin this year is Mrs. Jayne Caldwell.

Miss Caldwell attended Westfrank Community School and her major interest was foreign language.

Miss Caldwell commented that, "I expect my students to develop a better understanding about the Latin and the Roman Empire."

She also said, "I feel language is a means of understanding culture and better relationship."

Mrs. Caldwell taught at St. Marys School for one before coming here.

She also commented, "I was very much surprised, because it is very normal here. The students and teachers that I have come in contact with are friendly and sincere."

You have a new building and new teachers. The school is a lot better than the one I went to."

BOY WONDER--Ralph Gilley, junior, is shown using the spectroscope in 5 period physical science.

Next issue of Ink-Ovation will contain the rest of the new teachers here at WHS.

## SOCIETY

Killing and robbing and all sorts of crime,  
Freeloaders aren't asking just for a dime.  
The highways are crowded; the courtrooms are too.  
Smog is so thick that I can't see through.

Prices are soaring straight to the top  
But there seems to be none, so where will they stop?  
Nicotine kills; there's no cancer cure,  
And wars go on--that's one thing sure.

Peace is a myth and there's no Santa Clause;  
Everyone cries for his own special cause.  
Out goes the old and in comes the new.  
Transplants are common--just who are you?

But in the world still abide hope and love.  
I even believe in a great God above.  
So somehow, somewhere there must be a way  
For the adults of tomorrow, we youth of today.

Betty Jo Fox

THOUGHTS:  
ON THE BEGINNING OF SCHOOL

September is a busy month  
The days of school are here  
Summer months behind you  
Are gone until next year  
It's into dresses and my new shoes!

The first week of school  
And already the blues  
1. Write a theme for English.  
2. What about the math exam?  
I can't find my eraser  
and my lockers in a jam!  
I just lost my boy friend.  
3. A History quiz tomorrow?

September is a new beginning  
The start of school and sorrow

It has been said that  
those who are intermingled  
cannot have the satisfaction  
of seeing what each other  
does.

Or how the other reacts to

## OPTIONAL COURSE ADDE

WHS will offer, for the  
first time, a workshop on  
parliamentary procedure.

The class will be instruc-  
ted by Mr. Roger Williams,  
FFA sponsor, who is familar  
with this action.

Mr. David Chamness, ass-  
istant principal, said, "We  
felt there was a need for  
training, not only officers  
but for the individual member  
as well."

The class will cover the  
main parts of the procedure  
for there will not be enough  
time to study all of the de-  
tails.

Date for the first class  
is September 28.
